

SOLE HOPE

CHANGING LIVES FROM THE GROUND UP.

Equipping the vulnerable to walk in freedom from life-threatening diseases and exploitation; through education, empowerment, and medical relief.

The Problem

Jiggers, **the world's most neglected tropical diseases**, cause immense suffering and rob millions of their freedom. We have the power to change their story.

Sole Hope is crucial in helping the people of Eastern Africa combat jiggers and provide relief to those affected. Jiggers are a preventable problem, and **we can end it together.**

The Solution

- School and Community Clinics
- Residential Treatment Facility
- Community Education and Social Work
- Shoemaking
